

Motivated graduate urban design student with a passion for community service and a commitment to creating socially impactful designs. Enthusiastic about exploring diverse cultures through travel, fostering a global perspective. Passionate about helping others through teaching and mentoring, with aspirations to become a teaching assistant. Adept communicator with a keen interest in learning new technologies to enhance architectural skills. Known for keen observational abilities, contributing to a nuanced approach to problem-solving.

Education

Master of Urban Design	May 2026
Carnegie Mellon University	
Pittsburgh, PA	
Bachelor of Architecture	June 2024
Measi Academy of Architecture	
Chennai, India	

Professional Experience

Intern Urban DesignerOct 2023 - Nov 2023  
MOD Foundation, Venkataramanan Associates - Bengaluru, India

- Led the documentation process for a canal redevelopment project, ensuring an accurate documentation of the site.
- Produced detailed drawings that adhered to industry standards and regulations.
- Prepared and delivered compelling presentations to communicate design concepts effectively to internal and external stakeholders.

Intern ArchitectJune 2023 - Oct 2023  
Venkataramanan Associates - Bengaluru, India

- Contributed to the development of working drawings, sections, and elevations for high-rise residential projects.
- Played a key role in creating detailed drawings, ensuring precision and compliance with project specifications.
- Prepared and delivered compelling presentations to communicate design concepts effectively to internal and external stakeholders.

Academic Projects

Highway Removal ProjectAug 2024 - Dec 2024  
Route 65 - Revitalize the Manchester and Chateau neighborhoods

- Conducting mapping and analysis of existing features to identify key elements for preservation, redevelopment and proposing urban design interventions to reconnect Manchester and Chateau by breaking the barrier created by the highway.
- Developing strategies to activate the area through community-focused public spaces and mixed-use developments.
- Designing an urban transit hub featuring light rail integration and affordable housing solutions.

Skills

Hand	-	Sketching, Modeling
2D	-	AutoCAD
3D	-	Revit, SketchUp
Mapping	-	ArcGIS Pro
Adobe	-	Photoshop, InDesign
Office	-	Word, PowerPoint, Excel
Render	-	Enscape, Twin Motion
Personal	-	Teamwork, Quick learner, Communication

Academic Projects

Urban Design study & Proposal  
Mylapore, Chennai

Jan 2023 - Mar 2023

- Explored the principles of urbanism, gaining insights into creating holistic and sustainable urban environments that foster a sense of community.
- Conducted comprehensive documentation of physical, infrastructure, socio-economic factors and visual aspects of the area, ensuring a detailed understanding of existing conditions and potential design interventions.
- Developed skills in mapping information, utilizing tools to visually represent data such as land use, demographics, and transportation patterns for effective analysis.
- Identified key issues and challenges within the community, leading to the development of strategic proposals that address urban problems and enhance overall livability.

Campus Design

Aug 2022 - Dec 2022

National Institute of Fashion Technology

- Implemented the concept of indoor-outdoor combined learning environments at NIFT, fostering dynamic and engaging spaces that encourage creativity and collaboration.
- Pioneered the use of curved wall classrooms as opposed to traditional rectangular layouts, optimizing space utilization and creating visually stimulating and flexible teaching environments.
- Led the urban and landscape level master planning of NIFT, ensuring a cohesive and integrated design that harmonizes with the surrounding environment while meeting the specific needs of the institute.

Certifications

- Research Methodology for Planning and Architectural Studies - NPTEL, by IIT Madras - April 2024
- 3D Printing and Modeling Workshop - Black Out Design Fest - October 2022
- Courses on SketchUp and V-Ray - ISAA Academy - June 2021

Interests

- Live Sketching
- Watercolor Painting
- Sudoku
- Listening to Music
