

# Megan Fleeger

Detail oriented masters of architecture student who has an interest in sustainable, empathetic design. I foster a curiosity regarding bio-based materials in structural design. Proficient in preparing architectural drawings and seeking an opportunity to contribute positively to all stages of architectural projects.

## Education

May 2026 **Carnegie Mellon University, Pittsburgh PA**

College of Fine Arts  
Masters of Architecture - NAAB Accreditation

May 2023 **The Ohio State University, Columbus OH**

The Knowlton School of Architecture  
Bachelor of Science in Architecture,  
Summa Cum Laude - 3.9 GPA, Deans list all semesters

## Work Experience

2023-present **Project Coordinator, Berardi + Partners**

Assist with design work, project programming and preparation of preliminary drawings and other presentation documents. Responsible for coordination between drawings both within disciplines and between disciplines to ensure the content is consistent, in agreement and without discrepancies. Maintain communication with all project team members to facilitate the work, meet scheduled deadlines and resolve problems in a timely manner.

2024 **Research Assistant, Carnegie Mellon University**

Worked with Professor Jeremy Ficca in developing Hemp-Lime prototypes to research the structural capabilities of the material. Specifically worked to understand how different ratios of hemp and lime interacted in geometric molds.

june 2024

**High School Design Studio Director/Fellow, CFAD**

Directed camp activities, facilitated the organization of projects and teaching of basic architectural principles. Led high schoolers through creating projects based off of the architectural ideas taught.

## Skills

### Digital

Adobe Software  
Revit 2025  
AutoCAD 2D / 3D  
3DS Max  
V-Ray Rendering  
Rhinoceros 3D 8

### Physical

Model making  
Hand Drafting  
Sketching

### Interpersonal

Leadership  
Communication  
Problem Solving
