---

## WORK EXPERIENCE

<b>Research Assistant • Remaking Cities Institute (CMU)</b> Proposing the temporary pedestrianization of Walnut Street in Pittsburgh to study its impact on the community and retail businesses, with potential long-term implementation based on the results.	<b>Sep 2024 - Present</b>
<b>Urban Planning Intern • City Institute Georgia</b> Contributed to General Plan for Borjomi's balneological resort. Provided innovative planning ideas, editorial content, and high-quality graphics using ArcGIS, Adobe Photoshop and Illustrator, while ensuring alignment with urban planning documents and regional development goals.	<b>Jan 2024 - Jul 2024</b>
<b>Architect • BMG Project</b> Engaged with clients to develop architectural concepts aligned with their needs and project goals. Prepared detailed documentation for construction permits, using AutoCad and ArchiCad, Lumion and Photoshop, ensuring compliance with local regulations. Collaborated with engineers, geologists, landscape and interior designers, and other specialists to coordinate all aspects of planning and design.	<b>Nov 2023 - Jul 2024</b>
<b>Junior Architect • S Development</b> Conducted on-site measurements to ensure accuracy for construction and design projects. Developed building concepts, prepared detailed drawings and renderings for architectural projects using ArchiCad and Lumion.	<b>Oct 2021 - Dec 2022</b>
